

I understand that Sinclair Broadcasting is forcing their stations to air an anti-Kerry "documentary" just 3 weeks before the elections. I feel helpless when I heard this.

They use the airways free of charge and they are required by law to serve all of our interests. The reason governments like Hitler's Germany was able to do the things it did was because of control of the news media.

Sinclair has the money and the FCC has given them the power and they are using it against my interests and, in my opinion trying to make our country less than what I think it should be.

Please review their policy and bring it more in line with what is required by law.

Sinclair's actions show why we need to strengthen media ownership rules, not weaken them. They show why the license renewal process needs to involve more than a returned postcard. Thank you.
